As a matter of fact, APS Decorative achieves good quality work in Pan India for both public and private sector. APS Decorative Systems transform ordinary concrete into extraordinary, beautiful, and durable building materials. The engineered systems address specialized requirements for interior, exterior and vertical uses with a compatible range of colouring, floor hardeners, colourcementations toppings, underlay, stains and stain enhancer, Polished Concrete and sealers.

## **❖SYSTEMS OFFERING-**

### **❖*Stamped / Textured Concrete:***

Stamped and textured concrete is quickly becoming one of the most popular choices for transforming plain grey concrete into beautiful, distinctive floors and hardscapes. Because it can mimic almost any material, decorative concrete stamping and texturing is an ideal way to create replicas of other expensive materials while improving functionality and increasing durability. Stamped concrete can be used for driveways, pool decks, patios, porches and more. Choose from a wide range of surface patterns and molds—and an unlimited variety of colors.
